WYBG COMMERCIAL ENQUIRIES

Data search costs: General searches

Search area (from central National Grid Reference)	Total cost (no additional fees/VAT added)
Up to 2.5km radius	£50.00
Up to 6km radius	£100.00
Over 6km radius	Calculated on a job-by-job basis
Linear/irregular shaped searches	Calculated on a job-by-job basis

Data search costs: Wind farm searches

Search area (from central National Grid Reference)	Total cost (no additional fees/VAT added)
Up to 6km radius (all species)	£100.00
Up to 11km radius (high risk species – <i>Pipistrellus nathusii</i> , <i>Nyctalus spp.</i>)	£50.00

Costs for individual data searches may be waived for:

- Charitable organisations (including consultants conducting work to support a planning application on behalf of a charitable organisation);
- Use of data for a school, college, university or other educational project (providing that a project report is sent to WYBG on completion of the project, and any new bat records are supplied for free to WYBG);
- 2km data searches which return low numbers of records (0 – 2 records)

Approved by the WYBG Committee 12 March 2012
